THE COVER

Al Oomi says . . . about the change in cover . . . people have been complaining about the same old cover every issue so this time we're up with a new one. By the next issue we should have some fancy art work to go along with a newsworthy cover picture each time.

This issue's picture was taken at the ground breaking of the new Memorial Fieldhouse. After the traditional turning the earth with the outmoded shovel, or "ignorant stick" as it was affectionately called in the service, Don Shotwell, the gent seated on the tractor and chairman of the fieldhouse building committee, decided as long as this was going to be a modern building a little earth should be turned the modern way. After his speed run, President Thompson, W. W. Kilworth, president of the board of trustees, and Head Coach John Heinrick gathered around to view the results. All agreed the results were amazing and decided Mr. Shotwell could keep his union card.

Alumni...

College Club Becomes New Alumni Group

Recently, active members of the College Club, an organization of C.P.S. alumni, discussed the possibility of affiliating with the Alumni Association and becoming in effect the Tacoma Chapter of the Association.

The matter has been brought before your Board of Directors and has met with their enthusiastic approval. In accordance with the Constitution and By-Laws, the Board of Directors has set up a few general regulations for local alumni organizations and has granted tentative approval of the College Club, provided the Club wishes to affiliate with the Association. The original committee which founded the College Club and subsequent chairmen of College Club functions have just met and affirmed the plan for the College Club to become the Tacoma Chapter of the Alumni Association.

The committee of College Club members has laid plans for a big all-college alumni picnic to be held on Friday evening, August 27th, at Titlow Beach.

Look Here!

There is going to be a big Alumni Picnic at Titlow Beach, August 27. All kinds of food, fun and dancing. Bob Bergman is the chairman of the affair. It is to be a big celebration marking the College Club's affiliation with the CPS Alumni Association. All Alumni are invited. If you are planning to attend phone Bob Bergman and let him know. Proctor 7420.

Besides a good time for all, it is planned that a business meeting will be held at the picnic for purposes of officially making the College Club the Tacoma Chapter.

The group elected Clarence Mykland '38, as temporary chairman to serve as the leader of the group until a permanent president can be elected at the time of the picnic. The chairman, in turn, picked two committees to accomplish plans for the picnic and also to set up organization plans and a slate of officers for election by College Club members attending the picnic. The chairman of the picnic committee is Bob Bergman '43, and his committee consists of Carl Klemme '38, Roy Wonders '39, and Thomas Taylor. Gene Rickabaugh is chairman of the committee to draw up plans for organization and a slate of officers. Other members of this committee are Helmut Juelsing,

All Alumni Urged To Vote; Swayze and Warburton Up For Reelection as Trustees

This is a voting year, and the Alumni Board of Directors are asking all Alumni to get in practice for the big national election by filling in the ballot on the opposite page and returning it to the college as soon as possible.

The College of Puget Sound is on the move—it is growing. Each Alumnus no matter where he or she might be has a voice as to the policy and direction of the school's growth. This voice is through the Alumni representative on the board of trustees of the college, and each Alumnus has the right to vote for his voice on that board.

At the spring meeting of the Alumni Board of Directors, a nominating committee was chosen consisting of Miss Grace Johnson, '34, Ed D. Rich, '32, and Dick Smith, '36. According to the constitution and by-laws, this committee was then empowered to draw up a slate of candidates for the annual election to the Board of Directors and College Board of Trustees. The results of this committee's action will be seen in the ballot on the opposite page.

Our plans as in the past were to publish the commencement issue of the *Alumnus* immediately following the commencement exercises on June 4th, however, tentative plans for the new field house had progressed far enough so that it seemed advisable to delay the publication long enough to be able to announce to all the alumni the next big forward step in the development of C.P.S.

The Alumni Board of Directors urges each and every alumnus to take advantage of his privilege and duty to complete the ballot and return it to the Alumni Office before the deadline for receiving votes which is August 15th. The Nominating Committee has used time and care in drawing up the slate of candidates keeping in mind that the Association needed both the continuity of experienced directors and trustees along with new blood to represent new classes which have joined the Association in recent years.

Plans for Homecoming were discussed and set in motion. A committee of Dorothy Foxwell LeVeque '34 and Kathryn Woods Haley '43 were empowered by the Board to recommend an alumni chairman for Homecoming. The committee has recommended and the Board has accepted with pleasure the name of Herman Kleiner '43. Herman has already set in motion his Homecoming Committee and plans as outlined by the Board. Besides the usual Homecoming affairs which we expect to be bigger and better in 1948, Herman is heading the Committee which is already laying plans for a big alumni banquet on Saturday night of Homecoming weekend which will be the weekend of November 5th and 6th. You may expect to hear a great deal more of Homecoming plans in the next issue of the *Alumnus* and also by direct mail.

SUMMER SCHOOL ENROLLMENT SETS NEW HIGH

It is a year-around proposition these days at Jones Hall. School doesn't stop for the summer, maybe the enrollment will drop off a bit, but things go on just the same.

This year's summer school is the largest in the history of the college. The enrollment is approximately 700.

Dr. Raymond Powell, dean of the summer session, says that in days gone by the special session used to cater to teachers and feature education courses, but now a well-rounded curricula has to be offered to handle the large enrollment.

For example, the August commencement is equal to that of the pre-war June commencements. Those getting degrees this August are:

David Walton Black, Donald Keith Burnett, John Burroughs, Dwayne Harold Erickson, Harry Omar Finnegan, Merlin Conrad Frohardt, Wade Garland, Warren Gaines Gipple, Carl L. Heaton, Samuel Leonard Heritage, Donald Harding Heselwood, Dorothea Francene Meek, William Joseph O'Connell, Leroy Sidney Ostransky, Marshall Francis Riconosciuto, Frank A. Plenty of Jobs, No Teachers To Fill Them

Jobs. Jobs. Jobs. That's all Dr. Ray Powell hears these days in the Education and Teachers' Placement Bureau. Plenty of jobs, but not enough teachers to fill them.

Again this fall, as was the case last year, every person receiving a teaching certificate from the College of Puget Sound leaves the hallowed halls with a pedagogue's contract in hand.

For interested Alumni in different sections of the state, below is a list of the new teachers and their assignments. We know that our Alumni cover this state thoroughly, and Dr. Powell and his staff are doing the same thing with teachers:

Elizabeth Anderberg, Clover Park; Mrs. Elma Barkley, Enumclaw; Joseph Boyle, Clover Park; John Boyle, Kent; Carol Caldwell; Don Carsten, Bremerton; Evelyn Coubrough, Yelm; Vincent L. Coates, Centralia Junior College; Raymond Crick, Aberdeen Junior High; Robert Creso, Clover Park; Elouise Cruver, Gig Harbor; Al Danielson, Spokane; Mary Lu Elliott, Aberdeen; Mary Agnes Gallagher, Clover Park; Donald H. First Sorority To Go National

Kappa Sigma Theta, oldest sorority on the College of Puget Sound campus, will become the first C.P.S. chapter of a national sorority, according to R. Franklin Thompson, president of the College.

The local college sorority will be initiated into Pi Beta Phi in the fall. News of the national acceptance of the group was telegraphed to Tacoma by Mrs. E. J. Cooper, president of the local Pi Phi alumni organization, from French Lick Springs, Indiana, where she has been attending the national Pi Phi convention.

After initiation the members will replace the Theta golden triangle with the golden arrow emblem of the Pi Phi's. Kappa Sigma Theta was founded on the CPS campus in 1906. Pi Beta Phi, one of the oldest national sororities, was founded in 1867.

Of local interest is the fact that one of the original founders of Pi Phi was Mrs. Inez Soule, mother of Cleon Soule, president of Warren-Soule-Fairhurst Co. in Tacoma.

An event of great interest to CPS alumnae members was the recent banquet of the Kappa Sigma Theta sorority. The banquet, which was the annual Violet Dinner, was held at the New Yorker Cafe. The honor guest of the evening was Gretchen Kunigk Fraser, who recently won the first United States trophy in the winter Olympic Games which were held in Switzerland. Mrs. Fraser has since been awarded the Pery medal by the Ski Club of Great Britain. The medal was originated in 1930 by the Earl of Limerick, and is presented annually to "the skier who has contributed most in the past year to

ALPHA BETA UPSILON HOLDS REUNION

Shown here are members of the group present at the home of Mrs. J. D. Shotwell at the spring Alpha Beta Upsilon get-together.

Alpha Beta Upsilon Fetes Alumnae and Mothers

The alumnae and active members together with the Beta Mothers' Club were guests at a tea recently at the home of Mrs. J. D. Shotwell. An affair of prime importance on the Beta calendar for the year, the gathering was a distinct success. Among those present at the meeting of the group were: Frances Van Scoyoc, Jane Ogden, Doris Wittren Brazaele, Ethel Jane Cahoon, Mary Ogden, Dixie Bullard, Lillian Shotwell, Jolafern Torgerson, Vera Healy Gaffney, Sirlee Kinnane, Sue Baker, Mary Lou Cooper, Eunice Williams, Peggy Rough, Gwen Simmons, Gwen Dean, Aleatha Dietrick, and Mrs. Raymond S. Seward.

The Beta sorority walked off with a large share of the award trophies for '48, and the decor of their room in Kittredge Hall has been considerably enhanced by the addition of the cups to their collection. The sorority was tied with the Delta Alpha Gammas for the Athletic cup for the year, and they won two Forensic trophies, the Scholarship cup, and the Basketball cup. Several Beta members won outstanding awards for their participation in school events for the past year, as well as the group awards.

The annual Songfest, a tradition which was going strong back in 1921, was also won by the Alpha Beta Upsilon group under the direction of Miss Mary Lou Cooper. (Perhaps some of you will remember when the Songfest also was a reading contest, and prizes for each were handed out. In 1921, on April 11, the program read as follows: "There's a School on Puget Sound" by the entire Student Body, a reading by Alice Beard-

emphl, the Freshman Song, a reading by Miss Grace Ross, the Sophomore Song, a reading by Miss Ethel Storrey, the Junior Song, a reading by Miss Rosa Perkins, and the Senior Song. The Sophomores captured the song prize, and Miss Ethel Storrey's rendition of "In the Morning's Glow" was adjudged best of the readings. The judges for the reading contest were: Mrs. I. H. Hill, Mrs. L. C. Hume, and Mrs. A. C. Gault. The judges for the glee contest were Miss Georgia Reneau, Mr. Clayton Johnson, and Mrs. Lynette Hovious.

Coaching Staff Set For Next Grid Season

Never stand short is the C.P.S. motto these days. Propelling themselves headlong into a new conference holds no fear for the Loggers as they go in with eyes wide ajar and a brand new coaching staff.

John Heinrick, the dean of high school coaches in this neck of the woods for years, has moved his football gear to the Warner Street address and takes up the head grid chore this fall. John has been head basketball coach for the past three years, but moved into the Athletic Director's job last spring upon the resignation of Frank Patrick. He embarks upon his first season as head coach of the pigskin putsch come September.

Harry Bird is the only holdover from the old regime. Harry was line coach under Patrick, and will hold down the same job in the new set up.

The first of the newcomers is Ray Mahnkey. He is a W.S.C. graduate. Ray has been directing the athletic destinies of Yelm high for the past several years. While at Washington State, he picked up chenilles in basketball and baseball. He is a Tacoma boy and was graduated from Stadium, where he was also a scat back on the grid teams. He is scheduled to keep all backfield candidates hopping this fall.

Newcomer Number two is Rod Giske, another W.S.C. grad, and star grid performer. This will be a case of pupil working for professor, as Heinrick coached Rod at Stadium back in and around 1938. After playing a whale of a lot of guard for Mr. Heinrick, he played four years for the Crimson and the Gray at the same position, gaining all-coast honors and climaxing his career by playing in the famous Shrine East-West game. Mr. Giske will teach his hard-charging style of play to the linemen.

So this year it's a clean start with everything new. The competition is new, the coaching staff is new, and they in turn assure the fans that Logger football is going to be new.

NEW COACHES

Prexy Thompson, on the extreme left, takes a quick look at what his new coaching staff has in store for Evergreen Conference rivals this fall. Head Coach John Heinrick is seated at his desk with Assistant Harry Bird on the right. Standing in the rear are the two new coaches, Rod Giske and Ray Mahnkey.

Logger Ready To Go in New Evergreen Loop

This fall the College of Puget Sound throws its athletic hat into a new ring—the newly formed Evergreen Conference.

This subject was touched upon slightly in the last issue of the *Alumnus*, and now the Evergreen circuit is the real thing.

The constitution and by-laws have been approved and festivities get under way September 1, with football the first thing on the menu.

Schools in the conference are Puget Sound, Pacific Lutheran, Eastern Washington, Western Washington, Central Washington, Whitworth and St. Martins. It adds up to be the old WINCO league plus the Loggers, but the sponsors of the new loop don't look at it that way.

The University of British Columbia will join the conference January 1, in time to make it one of the hottest basketball leagues on the coast.

Officers for the conference for the coming year are Leo Nicholson, Central Washington president; Dick Smith, C.P.S.,

vice president; Albert H. Culverall, Whitworth College, secretary-treasurer.

In explaining the exodus from the old Northwest League, the braintrusts of the Logger athletic department feel the new conference will solve the expense and transportation problems by its geographical compactness, and in turn create new interest with this all-Washington conference.

Shelton Wins

As one of the highlights of the summer school athletic program, the divot diggers fought their way around Allenmore Golf Course in the annual 36-hole medal tournament.

This year Toney Shelton '47, Stadium High school's golf coach, walked off with the first prize. He shot a 74-79. Bob Wiley, principal of Sumner Grade school, was runner-up.

Low net prize was taken by Don Brison, a junior at the college. Dub honors went to Bill Grimstead who shot a nice round and firm 193.

Alums' Kids Now Overrun CPS Campus

On the campus of the College of Puget Sound this past year has been a group of fifty-eight students whose parents came to CPS in their college days. Of these fifty-eight students, several are also members of a somewhat smaller third-generation group which is on the campus. These students represent one of the proudest chapters in the history of the CPS student body, and are among the most active students on the campus. Several football players, outstanding sorority leaders, and fraternity men as well as debaters are represented in the group. The list of second and third generation students is as follows: Barbara Albertson, Jack Babbitt, Ernest W. Chi Nu Frat Goes Sigma Nu

Another national fraternity has invaded the campus. It happened last spring, but this is the first chance the *Alumnus* has had to tell the far-flung alumni.

Sigma Nu, pioneer among college fraternities throughout the nation, has established its 101st chapter, Zeta Alpha, at Puget Sound. The new chapter was formerly the local, Alpha Chi Nu.

Sigma Nu has chapters at virtually every leading college and university in the nation, and its chapter at the University of Washington, Gamma Chi, is one of the outstanding ones there.

Sigma Nu was the first fraternity in the Northwest. Its establishment at Washington was partially aided by Edmond L. Meany, grand old man of Washington.

The national chapter of Sigma Nu was founded at the Virginia Military Institute at Lexington, Va., in 1869. Rapid growth of the initial chapter and subsequent expansion throughout the east established Sigma Nu as a leader among college fraternities.

Sigma Nu then spread across the western states and finally to the Pacific coast with the founding of Beta Chi chapter at Stanford university by Carl Lane Clemans, all-time football great at Stanford.

Upon graduation from Stanford, Clemans came north and settled in Snohomish, where he entered newspaper work. Heralded as the founder of two California chapters and of his native shrine at Cornell college, Iowa, he was then called upon to aid in the establishment of the University of Washington chapter.

Sigma Nu's stock has been boosted by a host of prominent Tacoma students and alumni, including Roderick M. Olzendam, management engineer; Bob Sutermeister, labor relations counselor; Al Hunt, insurance agent, and Ray R. Kelly, contractor.

C. Bowman, Jr., are carrying on in the tradition of their father, Dr. Douglas C. Bowman, Sr., and brothers, Ralph W. and George P. Wehmhoff are following in their mother's footsteps. Mrs. Wehmhoff is the former Mildred Pollom.

Last but far from least are Robert M. and Harold E. Wolf, of Yelm. These two popular and versatile brothers are in the third generation group on the campus, since their grandmother, Ada Hawthorne Monroe, and their mother, G. Helen Monroe Wolf were both educated at the College of Puget Sound.

We regret that the rest of the fifty-eight were unable to be pictured here, but we are going to try again next year.

"Something New To Be Added"

HERE'S THE STORY

College of Puget Sound

To be completed

Memorial Field House

in December, 1948

In Memoriam

Three years ago at this time, the greatest of all wars came to an end. Now with the coming of peace, the College of Puget Sound is building a fitting tribute to the gallant alumni of the College who gave their lives for freedom's sake. To them and all others who paid the supreme sacrifice, the new Memorial Fieldhouse will be dedicated.

This memorial building is going farther than commemorating the heroic exploits of our Alumni, but will symbolize what these men fought for—freedom and everlasting peace. It will be a structure where American youth can gather together and pursue their right of free education and athletic endeavor unfettered by the forces that the many servicemen died to suppress.

On August 4, President Emeritus Edward H. Todd turned the first shovel of dirt that started the construction of the huge fieldhouse, located on the south side of the campus on Eleventh Street. The building will be 200 by 168 feet, and will comfortably seat over five thousand persons. Floor space will be large enough to accommodate three basketball courts.

This is not a project that is limited to the students and alumni but all friends of the College who are appreciative of what these men did for mankind may contribute to this memorial.

This December when it is completed, the Associated Students of the College of Puget Sound will have fitting ceremonies dedicating the building to the war dead of Pierce County, the many men from the Army Specialized Training Unit who studied at C.P.S. and gave their lives in the "Battle of the Bulge," and to the Alumni of the College of Puget Sound who left the halls of the College to give their lives for their country.

Big Plans For Homecoming Set in Motion

Well, Alumnuses and Alumnesses, it is getting mighty nigh to homecoming time again. By the way, you people who "stood" at home last homecoming missed one grandiose affair. They're still talking about it. Don't miss homecoming this year.

Here is the pertinent data, so get out the old date book and prepare to take it all down. We'll wait. Now take down copious notes.

First off, it is going to be the weekend of November 6. As plans are now it will be a three day affair.

John O'Connor and his mad musicians are dreaming up another affair to equal their sensational Minstrel Show of last fall. Rumor has it that it is going to be in the Gay Nineties category. This again will feature alumni talent. Prof. O'Connor is roaming far afield for talent, and we wouldn't be a bit surprised to see Truman drop in for a rendition of the Missouri Waltz. Some say he'll be free in early November.

Martha Pearl Jones and the Rat's Nest Thespians will have another drama all set to go. As yet we don't know the title but it is bound to be a comedy, tragedy or a murder mystery.

The big ball game is against Central Washington on the Saturday afternoon of November 6.

Besides all of this, there will be the usual shenanigans on the campus, the beard growers, the election of the queen, the big parade and bonfire. The student underground is trying to get them to just shut the school down that week.

Hal Wolf, of the Yelm Wolves, is student chairman of the goings on, and will have ample help from "Lightnin" Anderson the fireball, who is now president of the student body. Hal is angling for a big-name band for the homecoming ball, and promises he will go farther than Seattle for the outfit this year.

Herman Kleiner '43 is Alumni chairman for homecoming week, and at present is urging all interested people to contact him. If they don't he will probably contact them. As plans are, no one is going to escape this year.

Even if you Alumni can't take in some of the affairs, just come on home and take a look at the campus. You won't recognize it. No more mud, just all pavement and green grass.

Don't wait, reserve that baby sitter now for November 3, 4, 5 and 6. If you can't bring somebody bring your wife, she'll enjoy it.

YOU GOTTA DATE FOR '48.
HOMECOMING NOVEMBER 6.

Reunion Planned

After last fall's highly successful reunion, the Philomatheans are planning another such affair in conjunction with homecoming this year.

That isn't all. The Amphics are starting to stir. The attitude seems to be if the Philos can do it we can too.

These old literary societies that are the basis of the college's Greek organizations today deserve a big place in all homecoming plans. Last year the Philos made their own place and a huge success it was. This year Herman Kleiner, the Alumni chairman for homecoming, is making plans for both of the old societies.

For further information Philos, get in touch with Miss Marion Myers, and the Amphics contact Mr. Roy Cruver.

Research Planned

The College of Puget Sound has recently been the recipient of a grant in aid from the Research Organization of America. This grant is to be used to investigate the structure of citrinin. Citrinin is said to be anti-biotic with much the same properties as penicillin. A limited number of fellowships will be given to students to do research next year in Chemistry and Geology, also. It is worthwhile to note that the College of Puget Sound is the only small college in the state of Washington to have a grant for research from this corporation.

Kohler Moves

Professor Melvin Kohler, former head of the College of Puget Sound art department, has been appointed curator of the Henry Gallery at the University of Washington and executive officer of circulating exhibitions and the adult education department.

Alumni will remember Prof Kohler as head of the C.P.S. art department from 1934 to 1942. During that time he founded the Tacoma Art Association.

Last year he was chairman of the advisory board to the state capital committee mural project and was elected president of the Tacoma Art league. He resigned this office July 1 to accept the new position at the University.

Robbins in East

Bursar Emeritus Chas. A. Robbins and Mrs. Robbins brought us a small register of CPS alumni names which was gathered at the Annual Laymen's Conference of the Methodist Church. The Conference was held in Boston this spring, and the following Loggers signed the Alumni Register: Ernest E. Tuck, '37, 1265 General Lima, Manila, Philippine Islands, (and with a D. D. degree, too); E. J. Mathews, '11, 213 South James St., Waukesha, Wisc.; Hazel Bock Herrick, '16, Sumner, Wash.; Charles E. Gleason, '44, 15½ River Street, Boston; Margarita Irle Will, '42, Chicago, Ill.

Music Students Finish Another Brilliant Season

The music department has really been humming—in fact the whole campus was humming the strains of "Pirates from Penzance" by the time the two triumphant performances were concluded. Even the local reviewers in the newspapers were very pleased. Professor Clyde Keutzer's efforts deserved a lot of hearty applause, and they certainly got rousing cheers by the audiences. The costumes which came, despite vague fears that they might be stranded enroute, were colorful, and added to the gaiety and effectiveness of the music.

Just too late for last issue, came the word that Manuel Rosenthal, famous French composer and noted conductor, will be at the College of Puget Sound next year. Mr. Rosenthal will be "composer in residence" and will take a number of pupils for classes in advanced musical composition. He was director of the French National radio orchestra. He has conducted the New York Philharmonic, the Philadelphia Symphony, and has done many broadcasts over the Columbia Broadcasting System since his arrival in America. Mr. Rosenthal will, in the next year, appear as guest conductor with some of the foremost symphony orchestras in the United States.

Anita Stebbins, who will graduate from CPS in '49, recently became the first recipient of the Alpha Gamma Delta music scholarship. Miss Stebbins is soprano soloist for the Adelphian choir, leader of the campus trio, and the first president of the CPS chapter of women's music honorary, Sigma Alpha Iota. Miss Stebbins also had the lead in the spring presentation of "The Pirates of Penzance."

Following a tradition of long standing, a Songfest was held this last spring. The competition this year was between sororities, fraternities and independent groups. When the first forerunners of the Songfest were held, they were to be competitive between the classes, and often a "reading contest" was held in conjunction with them. For example, in 1921, there were ten numbers on the program, the Sophomores won the Songfest, and Miss Ethel Storrey's reading of "In the Morning's Glow" won her the "reading" prize. This year's sorority winners were the Alpha Beta Upsilon Sorority, singing "Lindy Lou" and "The Rose of ABY." The Independent Men's Chorus were the winners of the Men's Cup, singing "A Pretty Girl Is Like a Melody" and "Blue Skies." Winning directors were Mary Lou Cooper and Steve Radnich.

Our mail has been full of interesting tid-bits lately, we hope that you will keep sending us more notes from time to time as to where you are and what you are doing. And, by the way, if you have the addresses of any of your friends or relatives who are loyal Loggers and are not on our mailing list, drop us a note with their latest address. We'll very much appreciate same!

Some of our mail, this issue, comes from the old-timers and we are glad to know that they still retain their active interest in CPS. Mrs. Margaret Hughes Lemley, '95, is one of the first girls to attend the Puget Sound University. She attended the first chapel in the opening week of PSU. After leaving CPS she became a successful piano teacher. Her son, Lyle, the present city comptroller of Tacoma, came to CPS and left in '26. His daughter, Patricia, came to CPS as a freshman in the fall of '47, all of which makes this a three-generation family.

CPS Buys Winter Lodge Near Mt. Rainier

Expansion is the order of the day at the College of Puget Sound. The latest bit of spreading out includes the acquisition of a recreation area near Rainier National Park.

The camping area, previously known as Patterson's cabin camp, consists of two main lodges, four large-sized cabins and three smaller buildings. It has its own lighting plant and water supply.

The lodge is located on Naches pass. The Cayuse pass and Lake Tipsoo ski areas are located within a few miles. Daily classes at the new camp have been ruled out as it is 60 miles from the college campus, but skiing and winter sports of all kinds will take on a new importance.

Student work parties have been working hard all summer getting the lodge in shape for the coming school year. The camp will accommodate from 60 to 70 persons.

Credit for obtaining the lodge goes to Clayton Anderson, president of the associated students, Dr. Bob Sprenger, ski coach and students Charles Howe and Clint Gossard. The action has the full approval of the college and the associated students.

Another note comes to us from Steila-coom. Mrs. T. B. Claussen (Myrtle Misener) wrote to tell us that she was the first girl graduated from PSU. Mrs. Claussen received her B. S. degree in '96. Mrs. Evaline Bigelow Bonney, '96, sent us a note about some of her reminiscences about CPS. At that time, Crawford Thoburn was Chancellor, and C. R. Pomeroy was the Dean. Robert R. Earl, '98, writes us from 236 East 64th St., here in Tacoma. Mr. Earl spent eight years in mission work, and 14 years in the ministry. Later, he turned his talents in another direction and spent 23 years in a furniture factory.

Another of our strong boosters is Anna Mary Clark (Anna M. Knauf, '20). Mrs. Clark writes that she got her first teaching job because Winifred Hopkins (now Mrs. Lee Osborn), class of '19, was so well liked as a teacher. Mrs. Clark says, "I have always felt that a part of my success has been due to the good training I received from the College of Puget Sound." Her son, James Howard Clark, is now attending CPS.

Mrs. Margaret Dorwin Asperstrand, '18, is now living in Sandstone, Minnesota. Roy E. Atterbury, graduate of the old Puget Sound Academy, is now the Deputy County Assessor for Clallam County. Roy's address is now Route 1, Sequim, Wash., for any of you with back taxes in Clallam County.

Stan is also the present president of the State Coaches Association, and president of the N. W. District Athletic Board. Mr. and Mrs. Bates now have two children, Suzanne, 9, and Bobby, 3. The Rev. Harry L. Allen,

Reubel (Vesta Macomber, '33) and Dr. Thomas Dodgson, '29. Evelyn praises the Philo Banquet of last year, and hopes for more reunion group meetings with familiar faces.

Some sort of award for a long letter should go to Claude L. Turley, '25, who wrote a letter packed full of interesting items. Mr. Turley confides that Clyde Kinch was modest when he said he was a four-year man on the football team—that Clyde was really on the team for five years. He also adds that Clyde's most common cognomen around the campus was "Bone-Crusher"! Claude states, "I was surprised at the building program which is going on at the campus." We hope that he gets up to see the campus soon, what with Todd Hall already in use, and plans being made for the Field House and the new Music Building. Claude entered Occidental College after leaving CPS and was there when the college went to Hawaii in 1925 to play the U. of Hawaii. After coaching for two years at Alhambra High School, he went to Hamilton High School in 1928, and has

been there as head coach and physical education instructor ever since. He says that there are 26 high schools there, pretty stiff competition sounds like to us. He asks if Lyle Lemley still plays his fiddle? That's a question for Lyle to answer, he seems to be plenty busy as City comptroller—without doing any fiddling! Claude seems to be hungry for news of the College of Puget Sound, so we'll refresh your memory and add to his store

of knowledge. Yes, there is almost a complete new faculty since your time, Claude, but Dr. Todd is still on the campus. He is writing his book of memoirs for the college, and he comes to his office every day, rain or shine. At the graduation exercises this year, he presented a diploma to Miss Carol Todd, daughter of Mr. and Mrs. E. Paul Todd, and last of his grandchildren to be graduated from CPS. That was a thrill for the whole audience, as well as for the two participants. The reception for the senior class

this year was the first formal opening of Todd Hall, which is the new boys' dormitory on the campus, and Dr. Todd was beaming in the reception line. As you know, the Sigma Zetes have gone national—Epsilon Lambda Chapter of Kappa Sigma Fraternity, and the Sigma Mu Chis aren't saying much, but they seem to have a good prospect of going national soon, too. They recently put out a snazzy little prospectus with lots of pictures and a plan of campus in it. If you want a copy, the Mu Chi frat house is located at 1425 North Oakes, and an inquiry should bring one post haste.

If any of you have questions, why not fire 'em at us? We'll be glad to answer, and we'll be even more pleased if you'll write and tell us about all of your activities; it seems as if most of us want to keep in touch with our college chums, but the rush of activity that goes to make a living leaves us without much spare time. So, in the event that you have a question about our College, let us know, and we'll try to give you the information. And, if you should know of an address of some alumnus who isn't receiving our Alumnus Bulletin—why not tell us about him? We lost so many addresses during the hectic war years, that some addresses still elude our searchers. Anyway, regardless of what you wish to say—drop us a line soon!

Mr. and Mrs. Lucius Hallberg have moved to Phoenix, Arizona. Chuck Hammond is at the U. of Washington Medical School. Doug and Roger Howe have purchased the City Fuel Company in Tacoma. Best of wishes on their business venture.

Church bells have been chiming with increasing regularity—getting close to the end of June, and we've gotten the word about the following marriages: Jeanne Paulsen and First Lt. James Patrick took their vows on May 8. James B. Lundberg and Violet Zimmerman were pronounced man and wife on April 5. Wm. Edward Potter and Mary Lou Phillips walked the center aisle on April 3. Pauline Pumphrey and Arthur R. Johnson made the same trip on April 27.

Some of the other recent newlyweds include: Dorothy Mae Curran and Byron R. Richmond, Marjorie Elizabeth Todd and Robert Carroll Drum, Patricia Mason and Peter Rex Adkins, Jean Lorraine Johnson and Sidney C. Conquest, Ernest Arthur Larson, Jr., and Lorraine Akehurst, Beverly Jean Billings and Harold Ellsworth Fernald.

Shortly after graduation on June 4, Merle Allan Legg and Mary Anna Schenck were married. Mr. and Mrs. Legg and leaving shortly for Montreal, where

News reports during the recent weeks have been giving startling statistics about recent increases in the U. S. birth rate, but we have come to the sad conclusion that the Logger alumni are evidently below average—witness the few stork stops that have come to our notice! Mr. and Mrs. Sigler (Marilyn Davis) have a new daughter, Krisley. She came on the Stork Express on April 1. Mr. and Mrs. Lyle Paul (Eloise Wood) are the parents of a daughter, Delia June, born March 30, 1948. Mr. and Mrs. Gerald W. Larson (Billie Jean Diederich), have a son, Gregory William, who arrived March 23. Little Anne Wilson arrived to Mr. and Mrs. John Wilson (Dorothy Ann Simpson) on April 30. Mr. and Mrs. Kenneth (Margery) Danstrom also have a tiny daughter, Darlene Beth, who came on January 1, 1948—just in time for Dad to have another reason for celebrating. Mr. and Mrs. Thomas C. Gundersen (Helen May) are proudly displaying daughter, Susan Kathryn, who made her debut into the Gundersen home on January 13, 1948. Mr. and Mrs. William O. Causin (Janis Eisenhower) have announced the arrival of William Edgar Causin on January 5, 1948. We don't have the arrival date on this item, but Mr. and Mrs. Richard G. McKnight (Aubrey Albertson) also have a daughter, but our informant forgot to mention the name. Please tell us, Audrey, and we'll set everyone's mind at rest in the next issue!

This is an item which we are proud to print, too. It concerns ye old editor, Mal Stevens, himself. Mal and his pretty wife, Jean, became the proud parents of a boy on March 27. The son and heir has been named Mark. Papa Mal says that Mark will be ready for a golf club any day now—just another case of like father like son!
